

Nguyen Phu Truong

ReactJS Fresher/Intern

As a self-taught frontend novice, I am searching for a ReactJS fresher/intern opportunity. I guarantee that I will be of use to your team - with my keenness to learn new technologies and my dedication to work. In the future, I expect to master both the front- & back-end stack.

Besides coding, I can also design and write decently, which I am sure can aid your projects.

FRONT-END SKILLS

Most confident of:

Familiar with:

OTHER TECHNOLOGIES

DESIGN TOOLS

MY PET PROJECTS

Stayfy

stayfy.vercel.app/

A homestay booking app built with ReactJS (front-end), NodeJS (API services), and Firestore (database).

- [Front-end's source →](#)
- [Back-end's source →](#)

LATEST

Jane Bakes

jane-bakes.vercel.app/

A cake order app built with only ReactJS and Firebase as database.

- [Front-end's source →](#)

MY WORK EXPERIENCE

KMS Solutions

as Content Writer

11/2019 - 05/2022

- Planning & wireframing the company's websites, and working with developers & designers to deploy the websites as per timelines.
- Building landing pages with marketing tools, which involved certain use of CSS/HTML.
- Writing press releases, social posts, blogs, and designing content as necessary.

TRG International

as Content Intern

02/2019 - 08/2022

- Writing blogs and social posts.
- Creating marketing landing pages with marketing tools.

MY EDUCATION

University of Finance - Marketing

2015 - 2022

Bachelor of Business English
